

REMARKS

Applicant and applicant's attorney note with appreciation the allowance of the application on the first Office Action.

On review of the allowed application, it is noted that Fig. 3 denotes a prior art circuit, as described in the specification on pages 1-3. In order to conform the drawings to the written description, Fig. 3 has been corrected to add the "Prior Art" legend.

To effectuate this correction, a replacement sheet of drawing containing Fig. 3 labeled "Prior Art" is submitted herewith.

Consideration and entry of this amendment will not entail undue work on the part of the PTO staff, and the amendment is needed to conform the drawings to the written description.

Favorable reconsideration and entry of this amendment are respectfully requested.

Respectfully submitted,
